_____ (horse 1- stallion)

Whose registration number and registry are:

_____ Registry _____

AND

Was out of

_____ (horse 2- mare)

Whose registration number and registry are:

_____ Registry _____

Signature(s) of owner(s) of registered horse(s) named above:

Horse 1-stallion~~ Owner signature: _____

Printed name _____ City & State _____ Ph. # _____

Horse 2-mare~~Owner signature: _____

Printed name _____ City & State _____ Ph. # _____

One of the above must be registered with AQHA or APHA, or both parents that are ApHC and half QH. Copies of registration papers must be included with application. If the other is registered with another breed registry, these need to be included, too. If one is an unregistered grade horse, pictures of each side of it must be included.

Proof of parentage:

1. For horses under 1 year, an AHQHR breeder's certificate, or letter signed by owner of unregistered sire or dam. For horses over 1 year, provide pictures of both sides of horse being registered.
2. A copy of AQHA, APHA registration or pedigree papers of parent (or parents) of sire and/or dam of horse being registered. If sire or dam is registered as other than AQHA/APHA, please provide a copy of the papers to be included on AHQHR horse pedigree.
3. If bloodlines trace back to Impressive, provide proof of hypp n/n by testing certificate or copy of sire/dam papers showing hypp n/n. Horses may be registered without hypp n/n proof, but will have a disclaimer placed on registration certificate
4. DNA testing is offered, for an additional fee, and always encouraged. Those horses that will participate in any futurities and/or incentive programs may be required to have a DNA case number on file. Please check with that particular show or incentive association. Clones are REQUIRED to be DNA tested

____ CHECK HERE IF BREEDER'S CERTIFICATE IS NOT APPLICABLE TO THIS REGISTRATION
